

Dr. J. De Pratt's Hamburg Pige-
crystallized fruit cathartic. A discov-
ery of the greatest interest to the
medical profession. A boom to every
household. A most delicious laxative
or purgative prepared from fruits and
vegetables. So perfectly harmless
that they may be administered with
safety to an infant. So efficacious to
adults that a single dose will prove
their value, and so elegant a prepara-
tion that it needs only to be presented
to the public to become a necessity
in every household throughout the land.
For liver complaints, habitual consti-
pation, indigestion, dyspepsia, and
piles, they are a specific. To travelers
by sea and land they will be found in-
valuable; they are positively unfail-
ing in their action, and this is the only
medicine ever offered to the public
that is acceptable to the taste, and so
pleasant that children will eat the figs
as eagerly as candy. Price, 25 cents a
box. J. J. Mack & Co., Proprietors,
8 and 11 Front street, San Francisco.

MISCELLANEOUS.

INFANTILE SKIN DISEASES

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, bloated, and malodorous. We had no rest at night, no peace by day. Finally, we were advised to try the CUTICURA REMEDY. The effect was simply marvellous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies have saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred.

GEO. B. SMITH, Atty at Law and Ex-Prætor, Ashland, O.

THOUSANDS OF CHILDREN

Are born into the world every day with some cutaneous affection, such as milk eczema, scall, eczema, or dandruff, sure to develop into an agonizing eczema, the itching, burning, and disfigurement of which make a prolonged torture unless properly treated.

A warm bath with CUTICURA SOAP, an exquisite skin beautifier, and a single application of CUTICURA, the Great Skin Purifier, will relieve the itching, burning, and disfigurement of the New Blood urifier, are often sufficient to arrest the progress of the disease, and point to a speedy and permanent cure.

Hence, no mother who loves her children, who takes pride in their beauty, purity, and health, and in bestowing upon them a child's greatest inheritance—a skin without a blemish, and a body nourished by pure blood—should fail to make trial of the CUTICURA REMEDIES.

Sold every where. Price, CUTICURA, 50c; SOAP, 25c; RESOLVENT, \$1. Prepared by the POTTER DRUG AND CHEMICAL CO., Boston, Mass.

THE report of the Board of County Commissioners in answer to the strictures and allegations made by the late Grand Jury in its report appears in this issue. It is a clear and forcible exposition of the monetary affairs of the county, and effectually refutes the suspicion of dereliction of duty, to use a mild phrase, under which the Board has rested for many months. Although something unusual for censured officials to in turn reproach a Grand Jury, the action taken is to be commended, inasmuch as in no other way would the taxpayers have been gratified with an itemized statement of the receipts and expenditures of the county. The report could also, with justice it will seem to many, censure the Grand Jury for "gross carelessness," as by its own showing the expenditures for 1887 amounted to \$92,586.63 whereas the Auditor makes the total amount to \$129,597.02 quite a serious error for a Grand Jury to make in a report which is supposed to be thorough and complete in every particular. There are other points which could be made, but enough has been shown to incline one to the belief that the honorable members of the late Grand Jury either "went off half-cooked" or "didn't know it was loaded."

ONE of the features of the National Teachers' Association to be held the coming summer in San Francisco from Nevada, will be a history of each county prepared under the supervision of the educators of the State. The officials of these representing the educational interest have assigned the duty of preparing the history of Washoe county to Professor N. A. Hummel of Wadsworth. The work is in good hands, because Mr. Hummel is not a stranger to the pen, and has both the ability and ambition to make a truthful and full record of the past in this portion of the State. To do this work, as he will aim to do it, he may have to draw on many for data of various kinds. None upon whom he calls should fail to aid him. There are many facts unwritten that are fraught with interest to those now residing in this county, and will be of greater interest to the coming generation if truthfully chronicled. Arrangements are being perfected that will insure a history of each county. This accumulation will afford the material for an excellent history of the State, and well can all afford to encourage the work, which will require much time and great labor on the part of those who have taken upon themselves the burden of the task.

THERE is a city in China called Hai Yuen, which was sunk in the sea by an earthquake over 1,000 years ago, and recently by some volcanic action the city has again become exposed to view with all its quaint towers and pagodas still standing. Exploring parties have found any number of relics of a former age, but these have nothing like the interest they would have if the city had been inhabited by any other people than the Chinese, for all the old coins, implements and specimens of china were found are precisely similar to those in use today in the surrounding cities. It is a striking proof of the aporism that the Chinese have not changed in 1,000 years.

OVER THE WIRES.

A DEMOCRATIC CAUCUS.

The Democrats have a short talk on the Bond Bill. WASHINGTON, April 2.—The Democratic Senators had a caucus Saturday evening to consider the plan of action in regard to the pending bond bill, Senator Beck presided, and Senator Faulkner, in the absence of Senator Kenna, acted as Secretary. A quorum did not assemble until 11:30, and there was not sufficient time before the assembling of the Senate in which to accomplish the purpose of the caucus. The Stewart amendment to the Bond bill seemed to find favor as a general thing, though it was thought that some amendments would be necessary to perfect it.

The Missouri Mine Horror. KANSAS CITY, April 2.—Times reporters sent by special train to the scene of the Rich Hill mine disaster returned last night, and from their information the situation may be summarized as follows: The dead list has reached twenty-one, and most of the injured are expected to die, making the probable loss of life by the explosion thirty. The bodies of the dead brought up are terribly burned and present a horrible sight.

Counterfeiters in the Tolls. MARYSVILLE, Cal., March 31.—Henry Hart, the confederate of Joe Johnson, arrested last night for passing counterfeit money, was taken into custody later. Over 500 spurious dollars were found in their possession. The prisoners will be turned over to the federal officers to-night.

Seneca Augustus Swalm. SAN FRANCISCO, April 2.—When Seneca Augustus Swalm came up for sentence to-day, his counsel said that he had not had an opportunity to see the Judge's charge, and therefore begged that sentence be deferred till next Saturday. This was granted.

Thoroughbred Durham Cattle. Hon. Joe Marzen of Lovelock was in town Saturday to receive a carload of the finest Durham cattle which have ever been imported into the State. They were originally from the East, but Mr. Marzen purchased them during a recent visit to Sacramento. They number fifteen and are intended as the foundation of a herd of pure-bred Durhams which the enterprising stockman intends to establish.

Yesterday morning the coral in which they were resting was visited by quite a number of people, and the experts among them pronounced them to be all that is claimed for them. Humboldt county is to be congratulated for having such a progressive stockman on her roll of citizens.

A Sad Case. The funeral of Miss Edith Jones, who died under exceedingly distressing circumstances at Pyramid on the 31st ult., took place from the Episcopal church this afternoon. She was but sixteen years of age, and a bright and promising child until the "dark shadow" appeared on the horizon of her heretofore sunny life, which increased as the days rolled on until it enveloped her only to dissipate when her spirit winged its way heavenward, there to rest in eternal peace.

Major E. A. Littlefield an old-time journalist of Reno returned this morning, having been attracted hither by the same magnet which draws all old Nevadans back to the sagebrush—the best climate in the world. Mr. Littlefield owns considerable property in town, and will in all probability again make Reno his permanent home. The Major will be welcomed cordially as it is such men as he who build up a town.

OSBURN & SHOEMAKER
EVERY NIGHT I SCRATCHED

Until the Skin was Raw, Body Covered with scales like spots of mortar. Cured by the Cuticura Remedies.

I am going to tell you of the extraordinary change your Cuticura Remedies performed on me. About the first of April last I noticed some red pimples like coming out all over my body, and having nothing of it until some time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until I was raw, and then the next night the scales began forming meanwhile were scratched off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your Cuticura Remedies, and I purchased them from my druggist and almost immediately relief. I began to notice that the scaly eruptions gradually dropped off and disappeared one by one, and the scales began to fall. I had the disease thirteen months before I began taking the Cuticura Remedies, and in four or five weeks was entirely cured. My skin was eczema and psoriasis. I recommended the Cuticura Remedies to all in my vicinity, and I know of a great many who have taken them and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I can not express in words the thanks to you for what the Cuticura Remedies have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and as clear as a baby's.

250 BEAUTIFUL LOTS FOR SALE!

From \$200 to \$600!

A Rare Chance for Investment and a Home.

THE MOST LOVELY PORTION OF RENO.

FACING THE TRUCKEE—THE ARISTOCRATIC RIVERSIDE AVENUE DRIVEWAY—SPLENDID SEWERAGE—HEALTHFUL LOCATION AND SAFE FROM FIRE.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town, this addition faces the beautiful Truckee River, and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is, it is more exempt from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before buying elsewhere, Parties will do well to look at these Lots.

Sisters of Charity

Charity, attached to St. Mary's Infant Asylum, Rochester, Mass., certify to the inestimable value of Ayer's Sarsaparilla in the treatment of sore eyes and skin diseases, among the many unfortunate children under their care. Mrs. S. D. Bodwell, Wilmington, Mass., writes concerning the treatment of her daughter, who was troubled with sore eyes, as follows: "I gave Ayer's Sarsaparilla to

may be "the fairest and foremost of the train that wait on man's most dignified and happiest state," but the dignity and happiness of man cannot long endure without the health that may be obtained in a few bottles of Ayer's Sarsaparilla. A. W. Parker, lumber dealer, 209 Bleury street, Montreal, Que., writes: "After being troubled with Dyspepsia for a year, and with Salt Rheum

For a Number of Years,

I was cured of both diseases by using six bottles of Ayer's Sarsaparilla." M. G. Traine, Duxbury, Mass., writes: "I have found Ayer's Sarsaparilla an efficacious remedy for bilious troubles and Dyspepsia." Henry Cobb, 41 Russell st., Charlestown, Mass., writes: "I was completely cured of Dyspepsia, by the use of Ayer's Sarsaparilla." Wm. Lee, Jopps, Md., writes: "I have tried Ayer's Sarsaparilla, and it has done me so much good that I shall always regard it as the best of blood purifiers." Eminent physicians prescribe Ayer's Sar-

saparilla. I believe it to be the best of blood purifiers."

NOTICE.

THE CENTRAL PACIFIC RAILROAD Company hereby gives notice to all whom it may concern, that in future it will vigorously prosecute all persons who may cut or cause to be cut, or remove any timber standing, growing or being upon any of its lands, and that where such trespassers are settled out of court by any other basis than as herein indicated, they shall be assessed a fine of ten dollars, and be fixed at a sum not less than triple the value of the trees or timber cut or removed.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot half do their work. And what they do, they cannot do well. Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is but one sure way to get rid of them. That is to take Roswell's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this.

Why endure sleepless nights, with that dry hacking cough when Fryer's Atelect Cough Balsam will give you rest. (It contains no Opium.) Tri-6, 75 cents. Sold by W. P. Pinner. All genuine. Able-bodied preparations bear the fac-simile signature of D. F. Fryer.

THE WAY OF THE WORLD.

The United States in 1900 will contain 100,000,000 people if the present rate of increase in population continues.

A Western lady has a crazy quilt composed of 28,002 pieces. Rumor says that her husband has several shirts without any buttons on.

Nothing can be more timely than the warning displayed at a railroad crossing in Adams, Michigan. A sign at that place reads, "Prepare to meet thy God."

The Kansas City police force is a body well fitted to guard the city's morals. Every man on the force is a church member. Two of the officers are elders in the church, and several of them are deacons.

The Supreme Court decrees that dentists cannot practice their profession in Indiana without a license. The clear duty of the Supreme Court now is to prohibit toothaches that are not licensed.

The Museum of Fine Arts at Boston has received from Egypt a good specimen of the rare monuments of the famous Hyksos kings of Egypt, under the last of whom probably Joseph was prime minister.

Farm land may be a source of public wealth if used skillfully. A Georgia farmer planted an acre of land with watermelons and made \$100 profit. The village doctor made \$200 from the same acre.

A New York man wrote to a prominent clergyman requesting him to name his favorite book. The reply was "The Bible." The same question was sent to a prominent actor. The actor answered, "The Bible."

A man was recently called before the court to account for "a deficiency" of \$10,000. In his defense he told the jury that he had put the money on a shelf in his cellar for safe keeping and the rats had devoured about half of it.

Four Mexican soldiers invaded Eagle Pass, Texas, on March 3, and attempted to kidnap a deserter from the Mexican army who was working on the American side. A fight with Uncle Sam's men resulted and two soldiers were killed.

Tornadoes are now built by many Western people for their families to take refuge in should they be visited by a cyclone. These forts are in the shape of a small but very strong stockade sunk into the ground and banked up outside with earth.

This Kansas preacher did not know his flock or else he did not fear them. He said in his sermon one Sunday morning that "nobody but an idiot would play progressive euchre." The regular church collection that morning amounted to seventeen cents.

A plan to construct an elevated railroad track above the present railroad on the East River Bridge is being favorably considered. Chief Engineer Martin believes that the cables are strong enough to support both roads, and says all that is necessary is the strengthening of the trusses.

Polly Bryan was recently expelled from the Salvation Army for wearing a bustle. Now the fair and buxom ex-captain, assisted by her husband, is holding opposition meetings at Zion's colored church, Little Falls. She is advertised to appear wearing her famous bustle, so of course the meetings are crowded.

Cadet C. W. Davis of the U. S. Military Academy, Newburg, is a bold, fun-loving boy. One day at dinner he threw a hot baked potato at Lieutenant Kirley, who stood in the hall on duty. The aim was so true that the potato broke on the officer's face. The cadet will probably suffer dismissal for his act.
